Re: susan_thomas70@yahoo.com.

I received counterfeit check for exact amount [of the sale price of my Model A.] Check was mailed from Germany and was drawn on a Florida firm called C.M. Farrell enterprises inc. I contacted Chris Farrell and he said someone weaseled into his bank account some time ago. His sister works for the FBI and there is an ongoing investigation. I haven't figured out their scheme yet. Maybe they thought they could pick up the car before the check was totally cleared. I wasn't born yesterday!!
