

Romany Reversible Top Rings

By Janet Gundlach

ROMANY RINGS were made for both men and women. They were advertised as two rings for the price of one and with the touch of the finger, the stone would reverse. They were considered great value and nice gifts. Women also had necklaces with reversible stones.

An internet company is manufacturing new Romany style necklaces.

Every ROMANY RING is two rings in one. Each ring has a reversible top either side of which, when displayed, gives the effect of a different ring. A touch of the finger turns the top over.

The workmanship, finish, and stones in ROMANY RINGS are of the finest quality. Every ring is guaranteed in every way. There is no bigger ring value on the market today.
