December 23, 2007

Dear Applicant:

As requested, attached are the 2008 scholarship forms.

I look forward to receiving your completed application and wish you good luck.

Remember, the applicant has to be actively involved in the Model A hobby and a MAFCA or MARC member for 1 year prior to application, or child/grandchild of a MAFCA or MARC member, who has been a member for 1 year prior to application. The application postmark deadline is May 1, 2008.

It is your responsibility to enclose all of the required documents or the application will not be processed. Also by signing the application, and the chapter/region President signing his recommendation, you are certifying all requirements have been met, including MAFCA or MARC membership, and all information is true and correct. You should also understand that we may check to verify that all of your furnished information, and that of your chapter/region president, is correct.

Please enclose the "Application Check List" with your application.

Please include a good quality photograph of yourself. Should you be an award winner, we will have a write up, including photos of the Scholarship winners, in The Restorer magazine and the Model A News.

Sincerely,

Jill Sullins

Jill Sullins
President
