

Technical Director

1. Purpose: The purpose of this policy is to define the responsibilities of the MAFCA Technical Director.
2. Responsibilities: The Technical Director shall handle all matters pertaining to the technical information on the Model A Ford vehicles. These duties include, but are not limited to, corresponding with those who inquire about technical matters, maintain for MAFCA a suitable technical library including a complete set of *The Restorer* and other technical reference books.
3. Duties: The duties are not limited to but should include the following:
 - A. Receive from the headquarters staff all correspondence on technical matters.
 - B. Coordinate research on all technical questions submitted to MAFCA including consultation with others knowledgeable on specific Model A Ford and related matters.
 - C. Prepare and forward replies to all technical questions submitted to MAFCA.
 - D. Forward a select number of technical questions and answers that would be of general interest to the broader MAFCA membership to the Editor of *The Restorer* for inclusion in every issue.
 - E. Forward, as appropriate, technical questions and answers to the Judging Standards Committee.
 - F. Maintain a MAFCA technical library for the Technical Director including an index listing all technical data books/manuals in the library.
4. Exception to Copyright Policy (P1S05):
 - A. To assist in answering a Member's technical questions, the Technical Director has permission to copy or scan a reasonable number of pages from MAFCA copyrighted publications and transmit them to a Member.
 - B. The names and dates (if applicable) of the MAFCA publication(s) from which the information is taken should be provided with the answer to encourage purchase of the source document (if appropriate).
